[Pakistan-Afghanistan relations turned into open war (2026)]
28/02/2026

Pakistan-Afghanistan relations have already been strained, marred by border disputes, militant activity, and changing alliances. In 2026, these tensions escalated to what is now being called an "open war" between the two neighbors.

Historical Background

Durand Line Dispute: The border drawn by the British (Durand Line) in 1893 was never formally recognized by Afghanistan. This has been the cause of constant confrontation.

Taliban Factor: Pakistan was once accused of supporting the Taliban during the US war in Afghanistan. Now, the Taliban's Afghan government is accused by Pakistan of harbouring militant who attacks Pakistani territory.

Cross-Border Militancy: Groups like the Tehreek-e-Taliban Pakistan (TTP) have used Afghan soil to carry out attacks, further deteriorating relations. Current Hike (2026)

Pakistan's declaration of "open war":

On February 28, 2026, Pakistan officially declared open war against Taliban-ruled Afghanistan after attacks from across the border intensified.

Airstrike: Pakistan launched Operation Ghazab Lil-Haq, in which Kabul and provinces like Nangarhar and Kandahar were attacked to avenge attacks on Pakistani border posts in Afghanistan.

Afghan Retaliation: Afghanistan responded with artillery and rockets across the Durand Line, claiming to have inflicted heavy casualties on the Pakistani military.

Impact on civilians: Reports suggest that the Pakistani airstrikes have caused damage to houses and killed civilians in Afghan provinces.

International Reaction:

The U.S. expressed support for Pakistan's "right to defend itself."

Iran offered to mediate between the two countries.

Former U.S. President Donald Trump said that Pakistan is "doing very well" in this fight.

[India and Israel sign 16 MoUs to strengthen strategic partnership]
27/02/2026

During the state visit of Prime Minister Narendra Modi to Israel on 25–26 February 2026, India and Israel

elevated their bilateral relations to the level of a **Special Strategic Partnership**. During this time, **16 Memorandums of Understanding (MoUs)** were signed between the two countries in various fields. This marks a significant expansion in India-Israel cooperation.

Key Areas of Collaboration

field	Details of Memorandums of Understanding (MoUs)
Artificial Intelligence and Cyber Security	Joint research, establishment of innovation centres and cyber security framework for security of digital infrastructure
agriculture	Technology Transfer for Water-Efficient Farming, Precision Agriculture, and Desert Farming Techniques
Fintech & Digital Payments	UPI Linking Agreement and Financial Cooperation to facilitate cross-border transactions
Education and Research	Student-Teacher Exchange Program, Joint Academic Research and Scholarships
Defence & Technology	Agreement on Transfer of Technology for Co-development and manufacture of Advanced Weapon Systems
Trade & Commerce	Steps towards finalization of Bilateral Trade Agreement, expanding market access and investment opportunities
Maritime Heritage and Innovation	Cooperation in marine archaeology, heritage conservation and innovation-based projects

Strategic Significance

Defence Cooperation: Joint Arms Development and Transfer of Technology to strengthen India's defence modernisation

Economic Development: Trade Agreement and FinTech Cooperation to boost bilateral trade

Innovation Partnerships: Tech leadership's shared vision through collaboration in AI, cybersecurity, and education

Agricultural Sustainability: Israel's expertise in desert agriculture and water management supports India's food security

These agreements between India and Israel reflect a deepening partnership based on innovation, security and

shared prosperity. It builds on the foundation laid by Prime Minister Modi's visit to Israel in 2017 and Israeli Prime Minister Netanyahu's visit to India in 2018.

State Visit of Prime Minister Narendra Modi to Israel (25-26 February 2026)

26/02/2026

Prime Minister Narendra Modi's State Visit to Israel on 25-26 February 2026 was a major step towards strengthening the India-Israel Special Strategic Partnership. The visit took place nine years after his historic 2017 tour. The visit took place amid a sensitive geopolitical situation in West Asia and focused on security, technology and economic cooperation.

One of the highlights of this visit was PM Modi's historic speech in the Knesset, making him the first Indian Prime Minister to do so. In his speech, he strongly condemned the terror attacks of October 7, 2023 and reiterated India's zero-tolerance policy against terrorism. He was later awarded the Speaker of Israel's highest parliamentary honor, the Knesset Medal.

The visit provided a major boost to defence and high-technology cooperation, including discussions on integration of Israeli systems with India's Sudarshan Chakra Air Defence Shield and cooperation on the Iron Beam laser-based defence platform. Economically, the two sides stepped up negotiations on the proposed India-Israel Free Trade Agreement (FTA), with trade between the two countries amounting to USD 3.62 billion (FY 2024–25).

Several MoUs were exchanged, including in the areas of Cyber Security, Artificial Intelligence, Quantum Computing, Investment, Water Management and Agriculture, including the expansion of Centres of Excellence in India. On the regional front, discussions included Israel's proposed "Hexagon" Alliance framework, India's support for the Gaza Peace Initiative, and the strategic importance of the India-Middle East-Europe Economic Corridor (IMEC).

India AI Impact Summit 2026 adopts Leaders' Declaration

20/02/2026

The India AI Impact Summit 2026, held at Bharat Mandapam in New Delhi, reached a turning point with the formal adoption of the Leaders' Declaration on February 20, 2026. This declaration conveys a collective vision for global AI governance, responsible innovation, and collaborative collaboration.

Highlights

The Leaders' Declaration reaffirms these commitments:

Strengthening multilateral collaboration on AI.

Promoting responsible and ethical AI development.

Ensuring inclusive access to the benefits of AI, especially for developing countries.

Advancing global competitiveness and shared prosperity through AI.

The declaration was adopted during the high-level GPAI (Global Partnership on Artificial Intelligence) Council meetings, where member countries reviewed progress and set priorities for the future.

Prime Minister Narendra Modi, who inaugurated the first summit, emphasized India's vision of AI as a tool for democratization, empowerment, and inclusion, especially for the Global South.

The summit was attended by over 500 AI leaders, including 100+ CEOs and founders from around the world, 150 academics and researchers, and nearly 400 chief technologists.

Global Context

The India AI Impact Summit 2026 is based on the Principles of People, Planet, and Progress, showcasing India's approach to AI cooperation. Leaders from several countries, including Brazil, France, Finland, Bhutan, and Estonia, participated in discussions on shaping the future of AI for humanity.

Bangladesh Nationalist Party wins 2026 general election

14/02/2026

The Bangladesh Nationalist Party (BNP), led by Tariq Rahman, has won a landslide victory in the country's 2026 general elections, marking a historic political shift after being out of power for nearly two decades.

Highlights

Majority Gained: The BNP won 200+ seats in the 300-member Jatiya Sansad (Parliament), giving it a clear majority to form the government alone.

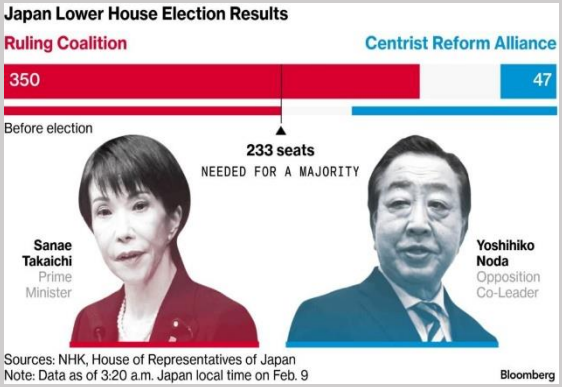

Leadership: Tariq Rahman, son of former Prime Minister Khaleda Zia, returned to Bangladesh in December 2025 after 17 years of self-examination in London. He is expected to be sworn in as prime minister.

Historical Context: This was the first election since the student-led uprising in 2024, which ousted Sheikh Hasina. The BNP's victory marks a major shift in Bangladeshi politics.

Representation of Women: Out of 78 women candidates, 7 won seats, 6 of which were from the BNP, reflecting the party's growing inclusive approach.

International Reaction: Leaders of neighbouring countries, including India's Prime Minister Narendra Modi,

congratulated Tariq Rahman, signaling regional interest in Bangladesh's new political chapter.

Japan's Prime Minister Sanae Takeichi wins election

09/02/2026

Sanae Takeichi, Japan's first female prime minister, led the Liberal Democratic Party (LDP) and its coalition partners to a landslide victory in the snap elections held on February 8, 2026.

His coalition won more than two-thirds of the seats in the House of Representatives, something it hadn't achieved since World War II.

This victory establishes her as a powerful leader, often compared to Margaret Thatcher and called the "Iron Lady" of Japan. With this overwhelming majority, his government can implement major reforms without much opposition.

Cabinet approves proposal to change the name of Kerala to Kerala

25/02/2026

The Union Cabinet on 24 February 2026 approved a proposal to change the name of the state of Kerala to Kerala, bringing back its original Malayalam name. This move follows a resolution unanimously passed by the Kerala Assembly in June 2024, seeking to link the state's official name with its linguistic and cultural identity. Under Article 3 of the Constitution, the Kerala (Change of Name) Bill, 2026 will be sent to the state assembly before it is introduced in Parliament.

The renaming is aimed at ensuring linguistic authenticity, reversing the old use of "Kerala" in writing and literature, and reinforcing the cultural identity of the state. The proposal has political support from all parties and long-standing public support, although its timing before the 2026 state elections makes it politically necessary.

Once approved by Parliament, this change will require administrative updates to official records and documents. Symbolically, it shows the great efforts to bring back the names of India's indigenous places and save the cultural heritage.

President's rule revoked in Manipur; Yumnam Khemchand Singh sworn in as Chief Minister.

05/02/2026

President's rule was revoked in Manipur on 4 February 2026, and BJP MLA Yumnam Khemchand Singh was sworn in as the new Chief Minister of Manipur. The Ministry of Home Affairs issued a notification announcing the removal of President's rule with immediate effect. President's rule was imposed on 13 February 2025 following the resignation of former Chief Minister N. Biren Singh, which led to the suspension of the Assembly despite its term being till March 2027.

The swearing-in ceremony took place at Lok Bhawan in Imphal, where Governor Ajay Kumar Bhalla administered the oath. Nemcha Kipgen (BJP) and Losi Dikho (NPF) were sworn in as deputy chief ministers, while Govindas Konthoujam (BJP) and Khuraijam Loken (NPP) took oath as ministers. Nemcha Kipgen participated in the ceremony through video conference from Manipur Bhawan, New Delhi.

BJP leader Yumnam Khemchand Singh from Singjamei assembly constituency has previously been the speaker and minister in the N. Biren Singh government. After meeting the Governor, he claimed to form the BJP-led NDA government.

Japan Ground Self-Defense Force (JGSDF): 32nd Infantry Regiment.

A contingent of 120 people has been sent from all sides.

Purpose:

Enhancing interoperability between the two armies.

Strengthening of Military Collaboration for Joint Operations in Semi-Urban and Urban Environment.

Focusing on counter-terrorism drills, urban warfare tactics, ISR (Intelligence, Surveillance, Reconnaissance) grid development, heliborne missions, and cordon-and-search operations.

Significance:

Dharma Guardian, which is held alternately in India and Japan, is an important part of the defence cooperation.

It strengthens the special strategic and global partnership between India and Japan.

It contributes to peace and stability in the Indo-Pacific region.

Prahar Counter-Terrorism Strategy 2026: India's New National Policy

24/02/2026

On 23rd February 2026, the Ministry of Home Affairs (MHA) introduced India's new National Counter-Terrorism Policy and Strategy, named PRAHAAR. The policy provides a comprehensive and proactive framework to prevent, prevent and respond to changing terrorist threats, while firmly upholding human rights and the rule of law.

PRAHAAR is a short form that shows a multi-dimensional approach:

P – Prevention of terrorist attacks to protect Indian citizens and interests

R – Fast and accurate response to threats

A – Gathering in-house capabilities from a whole-of-government approach

H – Process based on Human Rights and Rule of Law

A – Reducing the conditions that promote terrorism, including radicalization

A – Bringing together international efforts to combat terrorism

R – Recovery and Resilience from a Whole-of-Society Approach

The Ministry reiterated India's zero-tolerance policy against terrorism and emphasized that there can be no justification for violence under any circumstances. The purpose of this strategy is to criminalize all terrorist acts and prevent terrorists, their financiers and supporters from accessing funds, weapons and safe havens.

India will continue to work with the international community to combat terrorism, including by preventing the misuse of Information and Communication Technology (ICT) for terrorist activities. The policy also emphasises on investment in advanced technology and private sector partnerships to deal with future threats. Notably, PRAHAAR rejects any attempt to link terrorism to religion, caste, nationality or civilization, while emphasizing support for victims of terrorism.

PM Modi flags off India's first NaMo Bharat RRTS

23/02/2026

Prime Minister Narendra Modi inaugurated India's first NaMo Bharat Regional Rapid Transit System (RRTS) on February 22, 2026, and dedicated the Delhi-Meerut NaMo Bharat corridor to the nation. The launch took place at Namo Bharat Station, Meerut's Shatabdi Nagar, where he also flagged off Meerut Metro services.

Highlights

Length of the corridor: 82 km, which connects Delhi to Meerut.

Stations: 16 stations including Sahibabad, Ghaziabad, Modinagar and Meerut.

Speed: Designed for 180 km/h, making it the fastest metro and RRTS in India.

Travel Time: Reduces the Delhi-Meerut journey to less than 1 hour.

Cost: Developed at an estimated cost of ₹30,000 crore.

Boost to development: PM Modi also inaugurated projects worth ₹12,930 crore in Meerut.

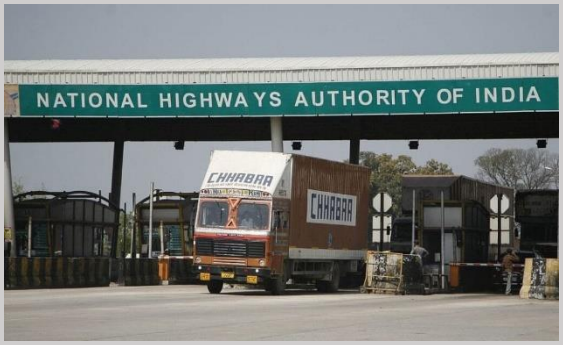

Significance

Urban Connectivity: Easier travel between Delhi NCR and Meerut, reducing congestion and improving daily commuting.

Economic Impact: The region is expected to boost trade, education, and employment opportunities.

Sustainability: Promote eco-friendly, high-speed public transport, reducing dependence on private vehicles.

A Symbol of Modernization: The beginning of a new era of world-class infrastructure in India, aligned with the vision of "Viksit Bharat".

Cashless toll collection from April 2026: NHAI to end cash payments at National Highway toll plazas from April 2026

21/02/2026

The government has proposed to eliminate cash payments at all National Highway toll plazas from April 1, 2026, creating a fully digital tolling system. According to the National Highways Authority of India (NHAI), toll charges will be charged only through digital means such as FASTag and UPI.

The objective of this initiative is to improve operational efficiency, increase lane throughput, reduce traffic congestion, and ensure greater transparency and uniformity in toll collection. This change is expected to enhance traffic management and commuter convenience at more than 1,150 toll plazas on national highways and expressways, making the travel experience easier and faster.

Exercise Milan 2026: Indian Navy's Multilateral Naval Exercise from February 18-25

17/02/2026

Exercise MILAN 2026 is the 13th edition of the Indian Navy's flagship multilateral naval exercise, scheduled to take place in Visakhapatnam and the Bay of Bengal from 18-25 February 2026. With invitations to 135+ countries and participation from over 70 navies, it is one of the largest naval gatherings in the world.

The exercise aims to strengthen naval diplomacy, enhance interoperability through multi-domain operations, and promote sharing of best practices in maritime security and disaster response, as well as highlight India's MAHASAGAR vision of collective maritime cooperation.

Notable highlights include the International Fleet Review (IFR) 2026, the MILAN Naval Exercise, and the IONS Conclave of Chiefs, making Visakhapatnam a major global naval hub. MILAN Village adds a cultural dimension, blending professional engagement with cultural diplomacy.

Strategically, MILAN 2026 reinforces India's role as a significant Indo-Pacific maritime power, strengthens regional and global naval partnerships, and demonstrates collective readiness against emerging maritime threats.

Inauguration of Seva Teerth and Kartavya Bhawan 1 & 2

14/02/2026

On 13th February 2026, Prime Minister Narendra Modi inaugurated the Seva Teerth and Kartavya Bhawan 1 and 2, a historic milestone in India's governance and administrative architecture.

Importance of Seva Tirtha

New Prime Minister's Office (PMO): Seva Tirtha is now the official address of the PMO, which has been built for the first time since independence outside the South Block of the Colonial-Era.

Integrated Governance Hub: It also has the National Security Council Secretariat and the Cabinet Secretariat, which bring the important decision-making bodies under one roof.

Symbolism: The name Seva Tirtha reflects the spirit of service as the soul of India. The walls bore the motto of "Nagriks Devo Bhava" (Citizens are God-like), emphasizing citizen-centric governance.

Kartavya Bhawan 1 & 2

Both these buildings house many important ministries, including finance, defense, health and family welfare, and education.

Designed to replace broken, outdated infrastructure, they ensure efficiency, accessibility and modern facilities for governance.

The name Kartavya denotes the responsibility of public service and progress of the country.

Pakistan boycott and U-turn of T20 World Cup 2026 match against India

11/02/2026

February 10, 2026 — In a major change, Pakistan has reversed its earlier decision to boycott the high-voltage match of the ICC Men's T20 World Cup 2026 against India. The match, scheduled to be held in Colombo on February 15, will now go ahead as planned after several days of uncertainty and controversy.

Timeline of the dispute

In early February 2026: Pakistan announced a boycott of India's match, citing political tensions and security concerns.

February 9, 2026 (evening): The Pakistan government issued a directive allowing the national team to play against India, making a complete U-turn.

February 10, 2026: The ICC confirmed the match, saying that the change saved "millions in damage" and maintained the integrity of the tournament.

Reasons behind the U-turn

ICC pressure: The ICC warned that if Pakistan continues the boycott, it will suffer financial penalties and reputation.

Financial bets: The India-Pakistan match is the most commercially valuable match in cricket, with the risk of large broadcast and sponsorship revenue.

Diplomatic Appeal: The boards of Sri Lanka, Bangladesh, and the UAE appealed to Pakistan to rethink, noting the solidarity shown earlier during Pakistan's cricket isolation.

Fan expectations: Millions of fans around the world demanded that this big match not be canceled.

Tejaswin Shankar wins gold at Asian Indoor Athletics Championships 2026

10/02/2026

India finished their campaign on a high note at the Asian Indoor Athletics Championships 2026 in Tianjin, China, winning five medals and finishing sixth in the overall medal standings.

The highlight for India was Tejaswin Shankar, who won the gold medal in the men's heptathlon on 8 February 2026 with a stellar performance—India's only gold medal at the championships. Shankar scored 5,993 points, setting a new national indoor record and bettering his previous mark of 5,650 points achieved in the USA in 2021.

India strengthened its tally by winning three more medals on the last day. Pooja won silver in high jump, Tajinderpal Singh Toor won silver in shot put and Ancy Sojan won bronze in long jump.

The championships were dominated by host country China, who topped the medal table with 34 medals, including 10 gold, 11 silver and 13 bronze, indicating its strong presence in indoor athletics.

DRDO successfully test-fires Gaganyaan drogue parachute

20/02/2026

India's human spaceflight programme, Gaganyaan, achieved a milestone with the successful qualification-level load test of its drogue parachute system. The test was conducted by the Defence Research and Development Organisation (DRDO) on 18 February 2026 at the Rail Track Rocket Sled (RTRS) facility of the Terminal Ballistics Research Laboratory (TBRL) in Chandigarh.

Highlights

The drogue parachute is an essential part of the crew module's deceleration system, designed to stabilize and slow down the spacecraft before the deployment of the main parachute.

The qualification-level load test validated the strength, reliability and performance of the parachute in extreme aerodynamic conditions.

The Ministry of Defence emphasized that the RTRS facility is a specialized dynamic test center that is used for large-scale high-speed aerodynamic and ballistic evaluation.

This successful trial showcases India's growing expertise in designing and manufacturing high-strength ribbon parachutes, a technology that is crucial for the safety of astronauts during re-entry and landing.

The test was jointly supervised by the DRDO and ISRO teams, which is another step towards ensuring the safety and success of India's first human spaceflight mission.

AI Impact Summit 2026: Highlights, Objectives, and Global Significance

India climbs four places to 45th position in Network Readiness Index 2025

10/02/2026

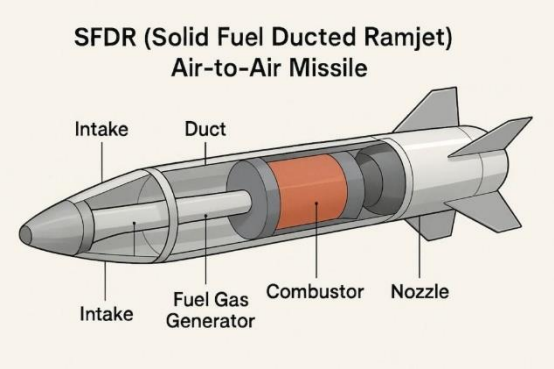

According to the report released on February 4 by the Portulance Institute, a non-profit research organization based in Washington DC, India has made significant progress in the Network Readiness Index 2025 (NRI 2025). It has climbed four places to number 45 in 127 economies.

The index evaluates countries based on **four pillars — Technology, People, Governance and Impact —** using 53 indicators to measure how effectively economies are using information and communication technology (ICT). With the ranking improving, India's overall score increased from 53.63 in 2024 to 54.43 in 2025, reflecting the continued digital advancement.

India achieved the top global ranking in several key areas, including annual investment in telecommunication services, AI scientific publications, ICT service exports, and e-commerce laws. The country also ranked second in FTTH/Building Internet Subscription, Domestic Mobile Broadband Traffic and International Internet Bandwidth and third in Domestic Market Scale and Income Inequality.

Overall, NRI 2025 showcases India's growing strength in harnessing digital technology to support economic

growth, innovation, and social development.

[DRDO successfully demonstrated SFDR Missile Propulsion Technology at Chandipur.]
04/02/2026

On 3rd February 2026, the Defence Research and Development Organisation (DRDO) successfully demonstrated the Solid Fuel Ducted Ramjet (SFDR) technology from the Integrated Test Range (ITR) at Chandipur off the Odisha coast. The test is a major milestone in India's missile development programme and puts India among the select countries with this advanced propulsion capability.

SFDR technology is crucial for the next generation of long-range air-to-air missiles, as it significantly enhances range, speed, and maneuverability, giving the Indian armed forces a strong tactical edge. During the flight test, all the main subsystems — including the nozzle-less booster, ramjet motor and fuel flow controller — worked as expected. After the initial boost to the required Mach number, the ramjet system worked smoothly.

The performance of the system was verified using flight data from multiple tracking instruments installed along the coast of the Bay of Bengal. Senior scientists from DRDL, HEMRL, RCI and ITR monitored the test. Defence Minister Rajnath Singh and DRDO Chairman Dr Samir V Kamat congratulated the DRDO teams and industry partners for the successful performance.

ENVIRONMENT

[Patna Bird Sanctuary and Chhari-Dhand added to Ramsar list]
02/02/2026

Patna Bird Sanctuary in Etah district of Uttar Pradesh and Chhari Badhadh in Kutch district of Gujarat have been included in India's Ramsar network, strengthening the country's commitment to wetland conservation. The announcement was made by Union Minister for Environment, Forest and Climate Change Bhupender Yadav on 31st January 2026. Both these wetlands support hundreds of migratory and local bird species and are habitats for wildlife such as chinkara, wolves, karacals, desert cats, desert foxes, as well as many endangered bird species.

India is a contracting party to the Ramsar Convention on Wetlands, which was signed in 1971 at Ramsar in Iran, and India became a signatory on 1 February 1982. These newly designated sites highlight India's growing role in internationally

recognized wetland conservation and management efforts.

GOVERNMENT SCHEMES

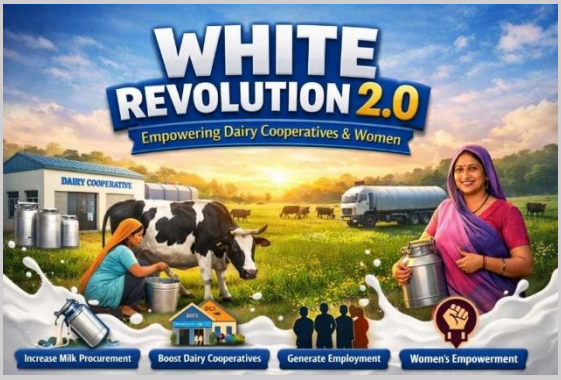

PM Relief Scheme: Cashless treatment for road accident victims

16/02/2026

On 15th February 2026, Prime Minister Narendra Modi approved the launch of the PM RAHAT (Road Accident Victim Hospitalization and Assured Treatment) scheme. Under this scheme, every eligible victim of a road accident on any kind of road will receive cashless medical treatment of up to ₹1.5 lakh for a maximum of seven days from the date of the accident.

The Ministry of Road Transport and Highways said that this scheme shows the government's promise to save lives by providing immediate medical help after road accidents. Hospital expenses will be refunded from the Motor Vehicle Accident Fund.

Launched from New Delhi's Seva Tirtha, PM RAHAT showcases the way to put citizens first and compassionate governance. This initiative is necessary because the number of deaths in road accidents in India every year is very high, many of which can be prevented. Studies show that about 50% of deaths in road accidents can be avoided if victims get hospital treatment during the Golden Hour.

White Revolution 2.0: Dairy Cooperatives and Promoting Women Empowerment

11/02/2026

The Centre informed the Lok Sabha on February 9, 2026 that it has launched the cooperative-led initiative of the Ministry of Cooperatives, White Revolution 2.0, to increase dairy cooperative coverage, increase employment, remove malnutrition and empower women.

The programme aims to increase milk procurement by dairy cooperatives by 50% in five years, reaching 1,007 lakh kg every day by 2028-29. This will be achieved through a two-pronged strategy, which includes increasing cooperative coverage in areas where there are no cooperatives and deepening the reach of existing cooperatives in the organized sector.

Under this initiative, 75,000 new Dairy Cooperative Societies (DCS) will be formed in areas where there are no cooperatives, while 46,422 existing DCS will be strengthened. Around 1.20 lakh cooperatives (DCS, M-DCS and M-PACS) will be supported and connected to the milk route, along with infrastructure such as automatic milk collection units, milk testing equipment and bulk milk coolers.

White Revolution 2.0 is funded by the Department of Animal Husbandry and

Dairying's National Dairy Development Programme 2.0 (NPDD 2.0).

Emphasizing the role of women, the Centre pointed out that about 70% of the dairy workforce are women. By increasing cooperatives in every panchayat or village where this work is not available, the initiative aims to bring more women into the organised dairy sector, thereby increasing their economic and social empowerment.

This information was given by Union Home and Cooperation Minister Amit Shah in a written reply in the Lok Sabha.

AWARDS AND HONORS

NBEMS sets Guinness World Record in AI-based medical education

26/02/2026

On 25th February 2026, the National Board of Examinations in Medical Sciences (NBEMS), an autonomous body under the Union Health Ministry, achieved a historic milestone. It received official recognition from Guinness World Records for hosting a live stream of the most-watched artificial intelligence lesson in healthcare on YouTube.

This record was achieved through a nationwide online training program on AI in healthcare, designed specifically for registered medical practitioners across India. This initiative highlighted the effective use of NBEMS' digital platform to deliver large-scale, technology-driven medical education.

Dr. Abhijat Sheth, President, NBEMS, described this recognition as a testament to India's leadership in digital innovation in medical education. He reaffirmed NBEMS's commitment to competency-based learning and future initiatives aimed at improving the quality of healthcare delivery across the country.

[Book Launch: Atal Bihari Vajpayee – The Eternal Statesman]
23/02/2026

On February 21, 2026, Vice-President C.P. Radhakrishnan released the coffee table book 'Atal Bihari Vajpayee: The Eternal Statesman' at the Dr. Ambedkar International Centre in New Delhi. This book has been written by senior BJP leader and former Union Minister Vijay Goel.

Highlights of the event

People present: Governors of Bihar, Rajasthan and Haryana, senior BJP leader Murli Manohar Joshi, and Union Ministers including Ashwini Vaishnaw and Kiren Rijiju.

Words of the Vice-President: He described the release as both an honour and an emotional moment, and called Vajpayee "one of India's greatest leaders". He stressed that the book was not just a collection of photographs, but a celebration of Vajpayee's life, poetry, way of speaking and statesmanship.

Author's Perspective: Vijay Goel shed light on his decades-long association with Vajpayee, and shared some exclusive photographs and personal memories that show Vajpayee's journey from a poet and parliamentarian to the Prime Minister who made India's fortunes.

Topics Covered:

Vajpayee's role in Pokhran nuclear test

His efforts for infrastructure development

His vision of democracy, unity and taking everyone along

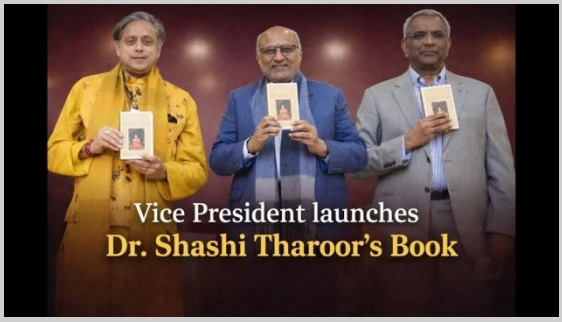

His legacy as a poet-Prime Minister whose words inspired generations

Significance of the book

It is a visual and story-telling tribute to Bharat Ratna Atal Bihari Vajpayee.

It gives an insight into his personal and political journey, interspersed with rare photographs with anecdotes.

This reinforces Vajpayee's image as a statesman, a visionary and an all-encompassing leader, whose ideals still guide India.

Book Release – Sage Reimagining Hinduism by Dr. Shashi Tharoor

20/02/2026

Vice President C.P. Radhakrishnan officially released the new book "The Say Who Reimagined Hinduism: The Life, Lessons and Legacy of Shri Narayana Guru" written by MP Dr Shashi Tharoor. The launch ceremony took place on February 19, 2026, at the India International Centre (IIC) in New Delhi.

About the book

This biography is about the life and teachings of Sree Narayana Guru, a 19th-century social reformer and spiritual guru from Kerala.

It highlights the Guru's fight against caste discrimination and his vision of social equality, which is hidden in his famous message: "One Caste, One Religion, One God for Humanity".

Dr. Tharoor sees Narayan Guru as a thinker who transformed Hinduism into a more inclusive and egalitarian faith, making his legacy useful for today's India.

Highlights of the release

Vice President Radhakrishnan praised the book and said that it is a bridge between generations, through which the Guru's thinking will reach people all over the world.

He said that the contribution of reformers like Narayana Guru has often been underrepresented in international academic discourse, and this work helps fill that gap.

Prior to its formal release in New Delhi, the first release of the book took place at Sivagiri Mutt which is the ashram built by Narayana Guru.
