Balendra Shah Sworn in as Nepal Prime Minister

27/03/2026

Balendra Shah was **sworn in as the Prime Minister of Nepal on 27 March 2026** at the President's Office, Sheetal Niwas, Kathmandu. He is the **leader of the Rastriya Swatantra Party (RSP)** and was elected as the party's parliamentary leader before assuming office. At **35 years**, he became **Nepal's youngest elected Prime Minister** and the **first from the Madhes region** to hold the post.

His party, RSP, achieved a **landslide victory** in the **March 5, 2026 parliamentary elections**, winning **182 out of 275 seats** in the House of Representatives. The elections marked a **major political shift**, with voters favoring new leadership after **Gen Z-led protests demanding change and anti-corruption reforms**.

Balendra Shah, a **rapper-turned-politician and former Kathmandu mayor**, defeated former PM K. P. Sharma Oli in Jhapa-5 constituency, a traditional stronghold of the Communist Party of Nepal (UML).

Sweden Joins NATO as 32nd Member, Ending 200 Years of Military Neutrality

16/03/2026

Sweden officially joined **North Atlantic Treaty Organization (NATO)** on **7 March 2024**, becoming the **32nd member** of the military alliance. This historic move ended Sweden's **over 200-year policy of military non-alignment**, which had been in place since the **Napoleonic Wars**.

Sweden formally completed the process by depositing its **instrument of accession in Washington, D.C.**, thereby gaining the protection of **NATO's collective defense clause, Article 5**, which states that an attack on one member is considered an attack on all members.

Founded on **4 April 1949**, NATO is a military alliance headquartered in **Brussels, Belgium**, aimed at ensuring collective security among its member states. With Sweden's accession, the alliance now includes **32 countries**.

Sweden brings **advanced armed forces, strong defense industries, and strategic expertise in the Arctic and Baltic regions**, strengthening NATO's northern flank. However, the expansion has also increased tensions

with **Russia**, which has opposed NATO's enlargement.

Overall, Sweden's membership marks a **major shift in European security policy** and reinforces NATO's position as the **largest military alliance in the world**.

Strait of Hormuz: Location, Global Oil Trade & Iran's 2026 Closure

14/03/2026

The Strait of Hormuz is a narrow but vital waterway connecting the Persian Gulf to the Gulf of Oman and the Arabian Sea. It is in the news in 2026 because Iran has closed it following US–Israel strikes, triggering a global oil and gas price surge. Iran controls the strait through its geographic position, military presence, and the ability of its Revolutionary Guard Corps (IRGC) to block or disrupt shipping.

What is the Strait of Hormuz?

- **Location:** Between Oman and Iran, linking the Persian Gulf with the Gulf of Oman and Arabian Sea.
- **Width:** Narrowest point is about **33 km wide**.
- **Importance:** Around **20% of global oil trade** passes through it daily, making it the world's most critical energy chokepoint.
- **Users:** Oil tankers from Saudi Arabia, UAE, Iraq, Kuwait, and Qatar rely on it to reach global markets.

Why is it in the News (2026)?

- On **28 February 2026**, US–Israel carried out strikes on Iran, killing Iran's Supreme Leader Ali Khamenei.
- In retaliation, **Iran announced closure of the Strait of Hormuz on 2 March 2026**.
- Consequences:
  - **Global oil and gas prices surged** sharply.
  - **Shipping disruptions:** At least 11 merchant ships damaged, one tug sunk, and multiple casualties reported.
  - **Regional spillover:** Conflict spread into the Indian Ocean, forcing ships to reroute through longer, riskier paths.

How Iran Controls the Strait

- **Geographic Advantage:** Iran borders the entire northern side of the strait, giving it natural dominance.
- **Military Presence:**
  - The **IRGC Navy** deploys fast attack boats, mines, and anti-ship missiles.
  - Over **150 tankers were anchored** along the strait

under Iranian orders in March 2026.

- **Tactics Used:**
  - **Closure announcements** backed by military enforcement.
  - **GPS jamming** and electronic warfare to disrupt navigation.
  - **Threat of mining and missile strikes** deters commercial shipping.
- **Strategic Leverage:** Iran uses control of the strait as a bargaining chip in geopolitical conflicts, knowing its closure impacts global energy markets.

Mojtaba Khamenei becomes new Supreme Leader of Iran

09/03/2026

TEHRAN — Iran's Assembly of Experts has officially named Mojtaba Khamenei as the country's new Supreme Leader. The 56-year-old cleric succeeds his father, Ayatollah Ali Khamenei, who was killed on February 28, 2026, during joint United States and Israeli airstrikes targeting his compound in Tehran.

The appointment, announced shortly after midnight on March 9, marks the first time in the history of the Islamic Republic that power has passed from father to son.

- **Assembly Decision**: The 88-member Assembly of Experts selected Mojtaba following a "decisive vote".
- **Military Backing**: The Islamic Revolutionary Guard Corps (IRGC) immediately pledged "complete obedience and self-sacrifice" to the new leader.
- **Immediate Action**: Hours after the announcement, the IRGC launched a new wave of missiles toward Israel, with projectiles reportedly bearing the slogan "At Your Command, Sayyid Mojtaba".

Nepal General Elections 2026: Rastriya Swatantra Party Led by Balen Shah Heads Toward Major Victory

07/03/2026

Early results of Nepal's **general elections held on 5 March 2026** indicate a major political shift, with **Balen Shah's Rastriya Swatantra Party (RSP)** heading toward a historic victory. According to the Election Commission of Nepal, the RSP has already **won 18 seats and is leading in 99 of the 165 directly elected constituencies**. If this trend continues, **35-year-old Balen Shah**, a rapper-turned-politician and former

Kathmandu mayor, could become **Nepal's youngest Prime Minister** and lead the country's **first majority government in 27 years**.

The elections were conducted for **275 parliamentary seats** (165 First-Past-the-Post and 110 proportional representation), with a **voter turnout of around 60%**, the lowest since 1991. The polls were triggered by **Gen Z protests in September 2025**, which forced the resignation of Prime Minister **K.P. Sharma Oli**.

Traditional parties such as the **Nepali Congress** and **CPN-UML** are trailing significantly, each leading in only about **11 constituencies**. Key campaign issues included **anti-corruption measures, youth employment, and political reforms**. The results are also being closely watched internationally, especially by **India and China**, due to Nepal's strategic importance in the region.

India–Canada Relations Reset: PM Mark Carney's Historic Visit to India

03/03/2026

Canadian Prime Minister **Mark Carney's four-day visit to India (27 February–2 March 2026)** marked a **historic reset in India–Canada relations**, ending nearly eight years without a bilateral PM-level visit. The trip signaled a clear move past years of diplomatic strain and laid the foundation for a more ambitious partnership.

The visit delivered major outcomes, led by a **USD 2.6 billion, 10-year uranium supply agreement** to support India's civil nuclear energy program. Both sides agreed to **fast-track CEPA negotiations**, targeting completion by end-2026 and aiming to raise **bilateral trade to USD 50 billion by 2030**.
A **Strategic Energy Partnership** was launched to boost cooperation in clean energy, including solar, wind, and hydrogen.

In education and innovation, **13 university-level agreements** were signed in areas such as AI, healthcare, and agriculture, with Canadian universities planning **hybrid campuses in India**. On security, a **new Defence Dialogue** was established, along with a **trilateral MoU with Australia** on technology and innovation.

Diplomatically, the visit marked a shift from the **2023 Nijjar-related crisis**, with Canadian officials indicating no current linkage of the Indian government to violent acts in Canada. For Canada, the visit also supports **economic diversification beyond the U.S.** and aligns with its **Indo-Pacific strategy**, alongside stops in Australia and Japan.

Both leaders framed the trip as transformative—**PM Carney** calling it the start of a "new, more ambitious partnership," and **PM Modi** describing bilateral ties as having made a "light-year leap."

Iran's Supreme Leader Ayatollah Ali Khamenei killed in joint U.S.–Israel military operation

02/03/2026

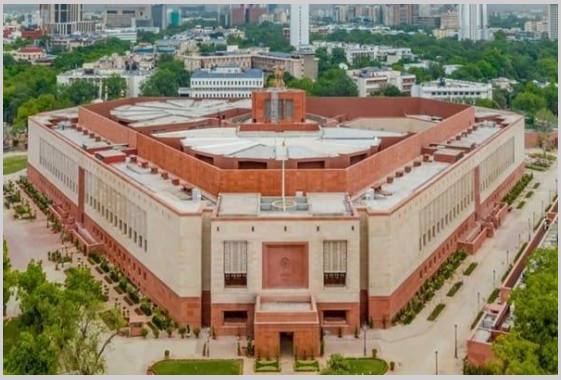

On **March 1, 2026**, Iranian state media confirmed that **Supreme Leader Ayatollah Ali Khamenei** was killed in a carried out on **February 28, 2026**. The strikes targeted his compound in **central Tehran** and other strategic locations across Iran.

The operation—called **"Roaring Lion"** by Israel and **"Operation Epic Fury"** by the U.S.—involved precision aerial bombardment. Along with Khamenei, several **senior Iranian officials**, including the **IRGC chief and the Defence Minister**, and **members of his family** were reportedly killed. After initial denials, Iran officially declared his death as "martyrdom" and announced **40 days of national mourning**.

Global reactions were sharply divided. The **U.S. and Israel** publicly defended the strike as a justified blow against Iran's leadership, while **protests and mourning** were reported among **Shia communities in parts of India**, including Lucknow, Kashmir, and Kargil.

Regionally, the situation escalated rapidly. **Iran launched retaliatory missile and drone attacks** on Israeli and U.S. targets across the Middle East. **Global oil markets surged** amid fears of disruption in the **Strait of Hormuz**. Politically, Iran formed an **interim leadership council** to govern until a new Supreme Leader is chosen by the **Assembly of Experts**.

Gujarat Passes Uniform Civil Code (UCC) Bill 2026

25/03/2026

On **24 March 2026**, the **Gujarat Assembly** passed the **Uniform Civil Code (UCC) Bill** through a majority voice vote after an extensive debate lasting over seven hours. The bill was introduced by Chief Minister **Bhupendra Patel**, following the submission of a report by a state-appointed panel.

With this, **Gujarat became the second state in India after Uttarakhand (2024)** to adopt a Uniform Civil Code.

Key Provisions of the Bill

- Establishes a **common legal framework** for **marriage, divorce, succession, and live-in relationships**, irrespective of religion
- Makes **registration of live-in relationships mandatory**, along with provisions for their termination
- **Prohibits bigamy**, allowing marriage only if neither party has a living spouse
- Applies to residents of Gujarat, including those living outside the state
- The law will **not apply to Scheduled Tribes (STs)** and

certain groups whose customary rights are constitutionally protected

Women's Reservation Act: Implementation Likely by 2029

24/03/2026

The **Women's Reservation Act (106th Constitutional Amendment, 2023)** is being **fast-tracked for implementation by 2029**, aiming to ensure greater representation of women in Indian legislatures. The government is considering using **2011 Census data for delimitation**, instead of waiting for the next Census, to avoid delays.

Key Provisions

- Provides **33% reservation for women** in the **Lok Sabha and State Legislative Assemblies**
- Does **not apply to Rajya Sabha and State Legislative Councils**
- Popularly known as **Nari Shakti Vandan Adhiniyam**

Proposed Changes

- Lok Sabha strength may increase from **543 to 816 seats**
- Around **273 seats could be reserved for women**
- Target implementation by the **2029 Lok Sabha elections**

Reason for Fast-Tracking

Originally, the Act's implementation was linked to the **first Census after 2026**, which could delay it until around **2034**. To avoid this, the government plans to:

- Use **2011 Census data**
- Amend provisions related to delimitation
- Enable **earlier rollout of reservation**

Assembly Elections 2026: ECI Announces Poll Dates for West Bengal, Tamil Nadu, Kerala, Assam and Puducherry

16/03/2026

The **Election Commission of India (ECI)** announced on **15 March 2026** that Assembly elections will be held in **Assam, Kerala, Tamil Nadu, West Bengal, and the Union Territory of Puducherry**.

- **Single-phase elections** will take place in **Assam, Kerala, and Puducherry on 9 April 2026**, while **Tamil Nadu will vote on 23 April 2026**.
- **West Bengal elections will be conducted in two phases** on **23 April and 29 April 2026**.

The **first phase in West Bengal** will cover **152 constituencies**, while the **second phase will cover 142 constituencies**.

The **counting of votes for all five assemblies will be held on 4 May 2026**.

The **Model Code of Conduct (MCC)** has come into force immediately after the announcement of the election schedule.

Around **17 crore voters** are eligible to vote across **824 assembly constituencies** in these elections. More than **2 lakh polling stations** will be set up and nearly **25 lakh election officials** will be deployed.

The Election Commission has also announced **100% webcasting at polling stations**, a maximum of **1,200 voters per booth**, and **assured minimum facilities** such as drinking water, toilets, and signage.

The current assembly terms will end in **West Bengal (7 May 2026), Tamil Nadu (10 May 2026), Assam (20 May 2026), Kerala (23 May 2026), and Puducherry (15 June 2026)**.

Chief Election Commissioner **Gyanesh Kumar** said the Commission reviewed election preparations in all poll-bound states and introduced **30 new initiatives to improve transparency in the election process**.

These elections will involve **large-scale administrative preparations** and represent an important democratic exercise reflecting **India's unity in diversity**.

Supreme Court Allows Passive Euthanasia in First-Ever Case, Permits Withdrawal of Life Support

12/03/2026

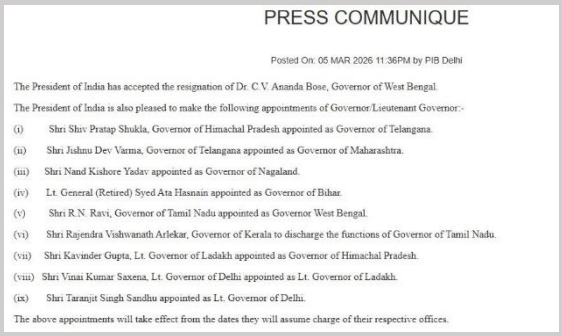

On **11 March 2026**, the **Supreme Court of India** issued its **first-ever order permitting passive euthanasia**, allowing the withdrawal of artificial life support for **Harish Rana**, a 32-year-old man who had been in a **coma for more than 12 years** after suffering severe head injuries in 2013.

A bench of **Justice J. B. Pardiwala** and **Justice K. V. Viswanathan** directed **All India Institute of Medical Sciences** to admit the patient to **palliative care**, where artificial life support can be withdrawn while ensuring dignity.

The decision follows the court's landmark **Common Cause v. Union of India** ruling, which recognized **passive euthanasia and the right to die with dignity under Article 21** of the Constitution. The guidelines were further simplified in **2023**, allowing withdrawal of life support after approval by **primary and secondary medical boards** when recovery chances are negligible.

This ruling reinforces the legal framework for **passive euthanasia in India**, emphasizing compassion,

medical oversight, and the patient's dignity.

PM Modi Announces 7 Empowered Groups to Address West Asia Conflict Impact

25/03/2026

On **24 March 2025**, Prime Minister **Narendra Modi** announced the formation of **seven empowered groups** to tackle the potential long-term impacts of the **West Asia conflict** on India. The move aims to address challenges related to **fuel, fertilisers, gas supply, supply chains, and inflation**.

Speaking in the **Rajya Sabha**, the Prime Minister emphasized a **"Team India" approach**, urging both the Centre and states to work together to manage the crisis effectively. He highlighted the **serious side effects of the conflict**, particularly on the availability of essential commodities such as crude oil, gas, and fertilisers.

Key Focus Areas

- Ensuring stable supply of **energy resources** like crude oil and gas
- Managing **fertiliser availability** for agriculture
- Strengthening **supply chains**
- Controlling **inflation and price rise**

Government's Strategy

PM Modi reiterated that **dialogue and diplomacy** are the only solutions for restoring peace in West Asia. He stated that India is in constant contact with major global players, including **Iran, Israel, and the United States**, to promote de-escalation.

The government is also working to **diversify energy sources** and ensure uninterrupted supply to protect citizens from the crisis. At the same time, states have been directed to **prevent black marketing and hoarding** of essential goods.

PM Narendra Modi Becomes Longest-Serving Head of Elected Government in India

23/03/2026

On **22 March 2026**, Prime Minister **Narendra Modi** achieved a historic milestone by becoming the **longest-serving head of an elected government in India**. He completed **8,931 days in office**, surpassing **Pawan Kumar Chamling**, the former Chief Minister of Sikkim, who held the record with 8,930 days.

This achievement combines PM Modi's tenure as **Chief Minister of Gujarat (2001–2014)** and as **Prime Minister of India (since 2014)**, marking his entry into the **25th year of continuous leadership**. The milestone reflects his

long-standing political career and sustained public mandate.

PM Modi was sworn in as the **14th Prime Minister of India on 26 May 2014**, becoming the first non-Congress leader to secure a full majority. He later became the **first non-Congress PM to complete two full terms** and return for a **third consecutive term**.

Strait of Hormuz Crisis: Nanda Devi LPG Tanker Reaches Gujarat

18/03/2026

The Indian-flagged LPG tanker *Nanda Devi* safely reached **Kandla and Vadinar ports in Gujarat on 17 March 2026**, carrying around **46,500 metric tons of LPG** from Qatar via the **Strait of Hormuz**, despite ongoing tensions in West Asia.

This marks the **second successful LPG shipment** (after *Shivalik*) within a week, highlighting India's ability to maintain energy supplies during geopolitical uncertainty.

Key Points

- Safe navigation through the **conflict-prone Strait of Hormuz**
- Strengthens **India's energy security**
- Helps **ease domestic LPG shortages**
- Reflects **effective diplomacy and logistics coordination**

Significance

- The Strait of Hormuz is a **vital global energy route**, handling about **20% of oil and gas trade**
- Ensures **continuous LPG supply** for households in India
- Demonstrates India's **resilience in managing energy imports during crises**

LPG Cylinder Shortage in India 2026: Causes, Impact & Government Response

14/03/2026

India is facing a severe shortage of domestic LPG cylinders in March 2026, with long queues, delivery delays of up to 25 days, and rising black-market activity. The crisis is linked to disruptions in energy shipments through the Strait of Hormuz following the Iran–US–Israel conflict, causing supply constraints and price hikes.

Key Facts About the LPG Shortage

- **Consumption:** India consumed **3.08 crore metric**

tonnes of LPG between April 2025 and February 2026.

- **Imports:** 1.87 crore metric tonnes imported, mostly via the **Strait of Hormuz**.
- **Domestic Production:** 1.06 crore metric tonnes produced locally.
- **Distribution:** LPG supplied through **25,566 distribution centres** nationwide.

Current Situation (March 2026)

- **Delays:** Cylinder deliveries delayed by **15–25 days**.
- **Queues:** Long lines outside gas agencies; panic buying worsened shortages.
- **Restaurants & households:** Many eateries forced to shut or switch to firewood; households struggling for daily cooking needs.

Price Hikes

- **Domestic LPG (14.2 kg):** Increased by **₹60 per cylinder** on March 7, 2026.
- **Commercial LPG (19 kg):** Increased by **₹144 per cylinder**.
- In states like Bihar, domestic LPG prices crossed **₹1,002 per cylinder**.

Causes of the Shortage

1. **Geopolitical Conflict:** Iran's closure of the Strait of Hormuz disrupted global energy shipments.
2. **Supply Chain Disruption:** Tankers delayed or rerouted, reducing India's import capacity.
3. **Panic Buying:** Consumers rushed to book cylinders, overwhelming distribution systems.
4. **Rising Global Prices:** Spot cargo costs surged to **$800–850 per tonne**, increasing losses for Indian Oil Marketing Companies (OMCs).

Government Response

- **Essential Commodities Act invoked** to prioritize household LPG supply.

Aadhaar Becomes World's Largest Biometric ID System

19/03/2026

On **18 March 2026**, the government informed Parliament that **Aadhaar** has become the **world's largest biometric identity system**, with nearly **134 crore active users**. Over **17,000 crore authentication transactions** have been completed so far, highlighting its massive scale and widespread usage across India.

Union Minister of State for Electronics and IT **Jitin Prasada**, in a written reply in the Lok Sabha, stated that the Aadhaar ecosystem—managed by the **Unique Identification Authority of India (UIDAI)**—plays a crucial role in

enabling seamless identity verification for various services.

Key Features of Aadhaar System

Aadhaar authentication allows identity verification through:

- **OTP-based authentication**
- **Biometric methods** (fingerprint, iris, face recognition)
- **Demographic details**

Notably, **face authentication powered by Artificial Intelligence (AI) and Machine Learning (ML)** is being increasingly used for accurate and secure verification.

Data Security & Privacy Measures

The government emphasized strong privacy safeguards in the Aadhaar ecosystem:

- Data is **encrypted both at rest and during transmission**
- Authentication logs are stored for **2 years**, then archived for **5 years** before deletion
- Aadhaar data is **stored within India only**
- Strict legal provisions regulate data usage and access

Regulatory Framework

Entities using Aadhaar services must be registered as:

- **Authentication User Agencies (AUA)**
- **KYC User Agencies (KUA)**

UIDAI also follows a **three-tier audit system**, including security and compliance audits, to ensure system integrity.

India Exports First GI-Tagged Joha Rice from Assam to UK and Italy in March 2026

16/03/2026

India exported its **first-ever consignment of Geographical Indication (GI)-tagged Joha rice from Assam on 12 March 2026**, marking an important step in promoting India's specialty agricultural products in global markets.

The shipment consisted of **25 metric tonnes of Joha rice**, exported to the **United Kingdom and Italy**. The export was facilitated by the **Agricultural and Processed Food Products Export Development Authority (APEDA)** under the **Ministry of Commerce and Industry**, in collaboration with the **Assam Agriculture Department**.

Joha rice is an **indigenous aromatic rice variety from Assam**, known for its **distinct fragrance, fine grain texture, and rich taste**. It holds strong cultural significance in Assamese cuisine and is commonly used during traditional and festive occasions.

The rice received its **Geographical Indication (GI) tag in 2017**, recognizing its unique regional identity. The export of Joha rice is expected to **boost Assam's agricultural exports, promote GI-tagged products globally, and provide better income opportunities for local farmers**.

Cabinet Approves Changes to FDI Policy for Investments from Neighbouring Countries

11/03/2026

The **Union Cabinet of India**, chaired by **Narendra Modi**, approved amendments to India's **Foreign Direct Investment (FDI) policy** on **10 March 2026** for investments from countries sharing a land border with **India**.

The revised policy introduces **clearer rules for determining "beneficial ownership"** and sets a **60-day timeline for approving investment proposals** in key manufacturing sectors such as **electronic components, capital goods, and solar manufacturing**.

Under the new guidelines, **non-controlling investments of up to 10% beneficial ownership** by entities from

land-bordering countries can now be allowed through the **automatic route**, subject to sectoral limits and reporting to the **Department for Promotion of Industry and Internal Trade (DPIIT)**. However, **majority ownership and control must remain with Indian citizens or Indian-owned companies**.

The reform modifies the earlier restrictions introduced through **Press Note 3 (2020)**, which required government approval for all investments from neighboring countries. The new changes aim to **improve ease of doing business, attract more FDI, promote technology transfer, and strengthen India's manufacturing sector under the Atmanirbhar Bharat initiative**.

World Wildlife Day 2026

05/03/2026

What is World Wildlife Day?

World Wildlife Day is celebrated every year on **3 March**, as declared by the United Nations General Assembly in 2013. The date commemorates the signing of the **Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES)** in 1973. It is the most important global annual event dedicated to raising awareness about the value of wildlife and the urgent need for conservation.

Theme for 2026

The theme for **World Wildlife Day 2026** is:

"Medicinal and Aromatic Plants: Conserving Health, Heritage and Livelihoods."

This theme highlights:

- The **ecological importance** of medicinal and aromatic plants (MAPs).
- Their role in **healthcare systems worldwide**, from Ayurveda and Unani to modern pharmaceuticals.
- Their contribution to **rural livelihoods** and **traditional knowledge systems**.
- The need to protect biodiversity against threats like overharvesting, habitat loss, and climate change.

Why It Matters

- **Healthcare:** Over 80% of the world's population relies on plant-based medicines for primary healthcare.
- **Economy:** MAPs support rural economies through farming, trade, and sustainable harvesting.
- **Culture:** They are deeply embedded in traditional practices and indigenous knowledge.
- **Environment:** Conserving plant biodiversity ensures ecological balance and resilience.

Global and Local Significance

- **Globally:** The UN organizes virtual celebrations, youth art contests, and awareness campaigns to engage communities worldwide.
- **In India:** The focus is on linking biodiversity with **Ayurveda, Siddha, and tribal healing systems**, while also promoting wildlife parks and reserves rich in medicinal plants.

Key Takeaway

World Wildlife Day 2026 reminds us that protecting wildlife isn't just about saving animals—it's also about safeguarding the plants that heal us, sustain rural communities, and preserve cultural heritage. Conservation is not a choice; it's a responsibility we share for the health of our planet and ourselves.

Q.Which of the following statements about Census 2027 is/are correct?
निम्नलिखित में से कौन-से कथन **जनगणना 2027** के बारे में सही हैं?

1. It began on April 1, 2026.
   यह 1 अप्रैल 2026 से शुरू हुई।
2. It is India's 16th Census since inception.
   यह भारत की 16वीं जनगणना है।
3. Citizens can self-enumerate using an online portal.
   नागरिक ऑनलाइन पोर्टल के माध्यम से स्वयं जानकारी भर सकते हैं।

Options:
A. Only 1 and 2
B. Only 2 and 3
C. Only 1 and 3
D. 1, 2 and 3

Answer: D. 1, 2 and 3
Explanation:
Census 2027 **began on April 1, 2026**, is India's **16th Census**, and includes a **self-enumeration facility via an online portal**, making it the country's first fully digital census.
स्पष्टीकरण:
जनगणना 2027, जो 1 अप्रैल 2026 को शुरू हुई, भारत की 16वीं जनगणना है; इसमें एक ऑनलाइन पोर्टल के माध्यम से 'स्वयं-गणना' (self-enumeration) की सुविधा शामिल है, जो इसे देश की पहली पूर्णतः डिजिटल जनगणना बनाती है।

Q.Which ministry is responsible for conducting the census in India?
भारत में जनगणना कराने के लिए कौन-सा मंत्रालय जिम्मेदार है?

A. Ministry of Statistics and Programme Implementation
सांख्यिकी एवं कार्यक्रम कार्यान्वयन मंत्रालय
B. Ministry of Rural Development
ग्रामीण विकास मंत्रालय
C. Ministry of Home Affairs
गृह मंत्रालय
D. Ministry of Electronics and IT
इलेक्ट्रॉनिक्स एवं आईटी मंत्रालय

Answer: C. Ministry of Home Affairs
Explanation:
The **Ministry of Home Affairs (MHA)** is the nodal authority responsible for conducting the Census in India. The exercise is carried out through the **Office of the Registrar General and Census Commissioner of India**, which functions under the MHA.

The Census is conducted under the provisions of the **Census Act, 1948**, making it a legally mandated and highly organized nationwide exercise. For **Census 2027**, the MHA is also overseeing the transition to a **fully digital census**, including mobile-based data collection and self-enumeration through an online portal.

स्पष्टीकरण:

गृह मंत्रालय (MHA) भारत में जनगणना कराने के लिए ज़िम्मेदार नोडल प्राधिकरण है। यह प्रक्रिया भारत के रजिस्ट्रार जनरल और जनगणना आयुक्त के कार्यालय के माध्यम से पूरी की जाती है, जो MHA के अधीन कार्य करता है।

जनगणना, जनगणना अधिनियम, 1948 के प्रावधानों के तहत आयोजित की जाती है, जिससे यह एक कानूनी रूप से अनिवार्य और अत्यधिक व्यवस्थित राष्ट्रव्यापी प्रक्रिया बन जाती है। जनगणना 2027 के लिए, MHA पूरी तरह से डिजिटल जनगणना की ओर बदलाव की देखरेख भी कर रहा है, जिसमें मोबाइल-आधारित डेटा संग्रह और एक ऑनलाइन पोर्टल के माध्यम से स्वयं-गणना शामिल है।

Q. According to the Organisation for Economic Co-operation and Development (OECD) Interim Economic Outlook (March 2026), which of the following countries is projected to be the fastest-growing major economy in FY 2025–26, along with its growth rate?

प्रश्न . आर्थिक सहयोग एवं विकास संगठन (OECD) के अंतरिम आर्थिक परिदृश्य (मार्च 2026) के अनुसार, निम्नलिखित में से कौन-सा देश वित्त वर्ष 2025–26 में सबसे तेज़ी से बढ़ने वाली प्रमुख अर्थव्यवस्था होने का अनुमान है, तथा उसकी विकास दर क्या है?

A. China – 5.0% / चीन - 5.0%
B. India – 7.6% / भारत - 7.6%

C. USA – 3.0% / अमेरिका - 3.0%

D. Germany – 2.9% / जर्मनी - 2.9%

Answer: B. India – 7.6%

उत्तर: B. भारत - 7.6%

Explanation:

The OECD report (March 2026) projects India's GDP growth at 7.6% for FY 2025–26, making it the fastest-growing major economy in the world. China's growth is lower (around 5.0% and declining further). Global growth rates (around 2.9–3.0%) are significantly below India's growth. Hence, India stands out as the top performer among major economies.

व्याख्या:

OECD की मार्च 2026 की रिपोर्ट के अनुसार, वित्त वर्ष 2025–26 के लिए भारत की GDP वृद्धि दर 7.6% अनुमानित है, जो इसे विश्व की सबसे तेज़ी से बढ़ने वाली प्रमुख अर्थव्यवस्था बनाती है। चीन की वृद्धि दर इससे कम (लगभग 5.0% और आगे घटती हुई) है। वैश्विक वृद्धि दर (लगभग 2.9–3.0%) भी भारत से काफी कम है। इसलिए भारत प्रमुख अर्थव्यवस्थाओं में सबसे आगे है।

Q. The Strait of Hormuz, which handles nearly 20% of global oil trade daily and was in the news in March 2026 due to its closure by Iran, is located between:
प्रश्न: होरमुज़ जलसंधि, जो वैश्विक तेल व्यापार का लगभग 20% प्रतिदिन संभालता है और मार्च 2026 में Iran द्वारा बंद किए जाने के कारण चर्चा में रहा, किन देशों के बीच स्थित है?

Options / विकल्प:

A. Iran and Saudi Arabia / ईरान और सऊदी अरब
B. Iran and Oman / ईरान और ओमान

C. Iraq and Kuwait / इराक और कुवैत

D. United Arab Emirates and Qatar / संयुक्त अरब अमीरात और कतर

Answer / उत्तर:

B. Iran and Oman / ईरान और ओमान

Explanation / व्याख्या:

The Strait of Hormuz is a narrow passage connecting the Persian Gulf with the Gulf of Oman and the Arabian Sea.

Strait of Hormuz एक संकीर्ण जलडमरूमध्य है जो Persian Gulf को Gulf of Oman और Arabian Sea से जोड़ता है।

At its narrowest point, it is only about 33 km wide, making it a critical chokepoint for global energy supplies.

इसके सबसे संकरे भाग में इसकी चौड़ाई लगभग 33 किमी है, जिससे यह वैश्विक ऊर्जा आपूर्ति के लिए एक अत्यंत महत्वपूर्ण मार्ग बन जाता है।

Countries like Saudi Arabia, United Arab Emirates, Iraq, Kuwait, and Qatar depend on it to export oil and gas.

Saudi Arabia, United Arab Emirates, Iraq, Kuwait और Qatar जैसे देश तेल और गैस निर्यात के लिए इसी मार्ग पर निर्भर हैं।

In March 2026, Iran closed the strait following US–Israel strikes, causing a surge in global oil prices.

मार्च 2026 में Iran ने अमेरिका-इज़राइल हमलों के बाद इस जलडमरूमध्य को बंद कर दिया, जिससे वैश्विक तेल कीमतों में तेज़ वृद्धि हुई।

Iran controls the northern side of the strait and enforces its dominance through the Islamic Revolutionary Guard Corps Navy, electronic warfare, and geographic advantage.

इस जलडमरूमध्य के उत्तरी भाग पर Iran का नियंत्रण है और वह Islamic Revolutionary Guard Corps नौसेना, इलेक्ट्रॉनिक युद्ध और भौगोलिक लाभ के माध्यम से अपना प्रभुत्व बनाए रखता है।

Q. The shortage of domestic LPG cylinders in India during March 2026 was primarily caused by:

प्रश्न: मार्च 2026 के दौरान भारत में घरेलू एलपीजी सिलेंडरों की कमी मुख्यतः किस कारण से हुई?

Options / विकल्प:

A. Increased local production of LPG / एलपीजी का स्थानीय उत्पादन बढ़ना
B. Closure of the Strait of Hormuz disrupting imports / Strait of Hormuz के बंद होने से आयात बाधित होना
C. Expansion of distribution centres / वितरण केंद्रों का विस्तार
D. Fall in global oil prices / वैश्विक तेल कीमतों में गिरावट

Answer / उत्तर:
B. Closure of the Strait of Hormuz disrupting imports / Strait of Hormuz के बंद होने से आयात बाधित होना

Explanation / व्याख्या:

India imports nearly 60% of its LPG requirement, much of it through the Strait of Hormuz.
भारत अपनी एलपीजी आवश्यकता का लगभग 60% आयात करता है, जिसका बड़ा हिस्सा Strait of Hormuz के माध्यम से आता है।

In March 2026, Iran closed the strait following regional conflict, leading to tanker delays, reduced supply, and a surge in global LPG prices.
मार्च 2026 में क्षेत्रीय संघर्ष के बाद Iran ने इस जलडमरूमध्य को बंद कर दिया, जिससे टैंकरों में देरी, आपूर्ति में कमी और वैश्विक एलपीजी कीमतों में तेज़ बढ़ोतरी हुई।

This triggered delivery delays of up to 25 days, long queues at distribution centres, and price hikes across states.
इसके कारण सिलेंडर की डिलीवरी में 25 दिनों तक की देरी, वितरण केंद्रों पर लंबी कतारें और विभिन्न राज्यों में कीमतों में वृद्धि देखी गई।

The government invoked the Essential Commodities Act to prioritize household supply and curb black-marketing.
सरकार ने घरेलू आपूर्ति को प्राथमिकता देने और काला बाज़ारी रोकने के लिए Essential Commodities Act लागू किया।
