Bakrid 2026: Why Eid-ul-Azha is Celebrated?
28/05/2026

Eid-ul-Azha (Bakrid), one of the most important Islamic festivals, is being celebrated across most parts of India on 28 May 2026, while Jammu & Kashmir observed it on 27 May 2026 due to local moon sighting. The Government of India declared 28 May 2026 as the official gazetted holiday, leading to the closure of banks, schools, and offices.

The festival commemorates the devotion and obedience of Prophet

Ibrahim, who was willing to sacrifice his son Ismail as an act of faith in Allah. According to Islamic tradition, Allah replaced the sacrifice with a ram, symbolizing mercy and unwavering faith. Eid-ul-Azha also marks the completion of the annual Hajj pilgrimage in Mecca.

Key rituals include special Eid prayers (Namaz) at mosques and Eidgahs, followed by sermons (Khutbah). Muslims perform Qurbani (animal sacrifice) and distribute the meat among family, relatives, and the poor, highlighting the importance of charity and compassion. Families celebrate with traditional dishes such as biryani, kebabs, korma, and sheer khurma.

Bhojshala Complex in Madhya Pradesh Declared a Temple of Goddess Saraswati

18/05/2026

The Archaeological Survey of India (ASI) has granted Hindus unrestricted access to the Bhojshala complex in Dhar district of Madhya Pradesh for worship and related activities. The decision came after the Madhya Pradesh High Court ruled on 15 May 2026 that Bhojshala is a temple dedicated to Goddess Saraswati.

The Indore bench of the High Court also quashed the ASI's 7 April 2003 order that had allowed Muslims to offer namaz at the site every Friday. The court stated that the Centre and ASI can manage and administer the complex.

According to ASI, Bhojshala was historically a centre of learning and research in Sanskrit language, grammar, and literature, besides being a temple. The court further suggested that the Muslim community may seek separate land from the state government for construction of a mosque.

Bhojshala is an 11th-century ASI-protected monument located in Dhar, Madhya Pradesh.

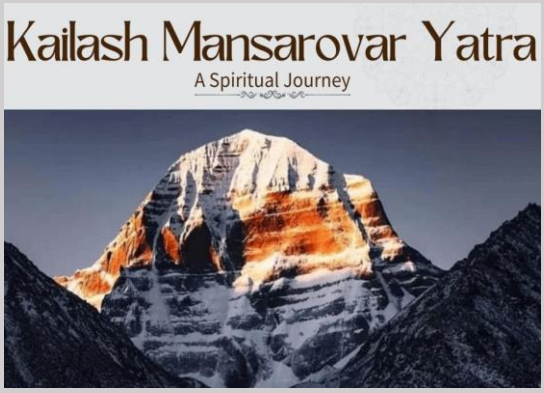

Buddha Purnima (Vesak) : History

02/05/2026

Buddha Purnima, also known as Vesak, is one of the most important festivals for Buddhists. It marks the birth, enlightenment (Nirvana), and death (Mahaparinirvana) of Lord Gautama Buddha, the founder of Buddhism. The festival is observed on the full moon day (Purnima) of Vaishakha month (April–May). Buddha Purnima was celebrated on 1 May 2026.

- Gautama Buddha was born as Prince Siddhartha in Lumbini (present-day Nepal) around 563 BCE.

- He attained enlightenment under the Bodhi tree at Bodh Gaya (Bihar).
- He delivered his first sermon at Sarnath (Uttar Pradesh).
- He attained Mahaparinirvana at Kushinagar (Uttar Pradesh).

IMPORTANT DAYS

31 May is World No Tobacco Day

31/05/2026

World No Tobacco Day is observed every year on **31 May** to raise awareness about the harmful effects of tobacco use and nicotine addiction. The **World Health Organization (WHO)** has chosen the theme for **2026** as **"Unmasking the Appeal – Countering Nicotine and Tobacco Addiction."**

The campaign focuses on protecting **children and adolescents** from the growing use of **e-cigarettes, vapes, and flavored nicotine products**, which are often marketed as fashionable and safer alternatives to traditional tobacco. According to WHO, around **15 million adolescents aged 13–15 years use e-cigarettes globally**, and young people are significantly more likely to vape than adults.

Tobacco remains a major public health challenge, causing **over 7 million deaths worldwide each year**. In India, tobacco-related diseases lead to approximately **1.35 million deaths annually**, with oral cancers linked to smokeless tobacco products such as **gutka, khaini, and pan masala** being particularly common.

To reduce tobacco and nicotine addiction, WHO urges governments to **ban flavored products, enforce plain packaging, restrict advertising and sponsorship, and increase taxes on tobacco products**. The observance highlights the need for stronger measures to protect youth and promote a tobacco-free future.

World Football Day is observed annually on 25 May
25/05/2026

World Football Day is observed annually on **25 May**, following its declaration by the **United Nations General Assembly (UNGA)** in 2024. The day marks the **100th anniversary of the first internationally representative football tournament** held during the **1924 Paris Olympics**. The resolution was introduced by **Libya's UN Ambassador Taher El-Sonni** and received support from more than 160 UN member nations.

The observance celebrates football as the world's most popular sport and recognizes its power to promote **peace, unity, diplomacy, gender equality, and social inclusion**. Football acts as a universal language that connects people across cultures, races, and nations. It also supports sustainable development by encouraging health, education, and empowerment, particularly for women and marginalized communities.

Football first appeared in the Olympics at the **1900 Paris Games**, while women's football was added in the **1996 Atlanta Olympics**. The sport is globally governed by **FIFA**, which has **211 member associations**, making football one of the most influential sports worldwide.

International Day for Biological Diversity = 22 May
22/05/2026

International Day for Biological Diversity is observed every year on **22 May** to promote awareness about the importance of biodiversity and the need for conservation. The 2026 theme, "Acting Locally for Global Impact," highlights the role of community-level efforts in protecting biodiversity and supporting the Kunming-Montreal Global Biodiversity Framework.

The day is organized by the Secretariat of the Convention on Biological Diversity (CBD) under the United Nations framework and is linked to the 1992 Earth Summit in Rio de Janeiro. Biodiversity includes plants, animals, microorganisms, ecosystems, and genetic diversity that sustain life on Earth.

Growing threats such as climate change, pollution, deforestation, and overuse of natural resources are

causing rapid biodiversity loss. The Kunming-Montreal Framework aims to halt and reverse this decline through global goals for 2050 and 23 action targets to be achieved by 2030.

International Tea Day 2026 | 21 May

21/05/2026

International Tea Day is observed every year on **21 May** to recognize the cultural, economic, and social importance of tea across the world. In **2026**, the official theme is **"Sustaining Tea, Supporting Communities."** The day highlights tea's rich cultural heritage, health benefits, and its contribution to employment and sustainable development.

Tea is one of the most consumed beverages globally and supports the livelihoods of more than **13 million people**, especially smallholder farmers and tea workers in developing countries. The observance also promotes sustainable tea production, fair trade practices, and better working conditions in the tea industry.

The **United Nations General Assembly (UNGA)** officially declared 21 May as International Tea Day in 2019, and the first official celebration was held in 2020. Countries such as India, China, Sri Lanka, and Kenya are among the leading tea producers in the world. International Tea Day reminds people of tea's global significance in culture, trade, and rural development.

National Technology Day and Pokhran-II

12/05/2026

National Technology Day is observed every year on **11 May** to commemorate India's **Pokhran-II nuclear tests conducted in 1998** and to celebrate the country's achievements in **science and technology**. The day was declared by former Prime Minister **Atal Bihari Vajpayee** in **1999** after **Operation Shakti**.

On **11 May 1998**, India successfully conducted the **Pokhran-II nuclear tests**, establishing itself as a **nuclear-capable nation**. On the same day, the indigenous **Hansa-3 aircraft** completed its maiden flight, and the **Trishul missile** was successfully tested under DRDO's missile programme.

The **2026 theme** focuses on India's advancements in **Artificial Intelligence (AI), semiconductors, clean energy, digital infrastructure, and space technology**. Recent achievements highlighted include **Chandrayaan-3**, **Aditya-L1**, and the **Prototype Fast Breeder Reactor (PFBR)** at Kalpakkam, which achieved first criticality in 2026.

Myanmar President U Min Aung Hlaing Visits India to Strengthen Bilateral Ties

30/05/2026

Myanmar President **U Min Aung Hlaing** is on his first official visit to India from **30 May to 3 June 2026** at the invitation of Prime Minister Narendra Modi. The visit covers **Bodh Gaya, New Delhi, and Mumbai**, highlighting both cultural and strategic ties. Key discussions focus on **defence cooperation, border security, trade, connectivity projects, and maritime cooperation**.

India is expected to review progress on the **India–Myanmar–Thailand Trilateral Highway** and the **Kaladan Multi-Modal Transit Transport Project**, which are important for connectivity with the Northeast. President Hlaing's visit to **Bodh Gaya** underscores the shared Buddhist heritage between the two countries. The visit comes amid regional concerns over the situation in Myanmar and shortly after the Quad Foreign Ministers' Meeting in New Delhi. It is seen as an effort to strengthen India–Myanmar relations while balancing regional geopolitical interests.

11th Quad Foreign Ministers' Meeting Held in New Delhi on 26 May 2026

27/05/2026

The **11th Quad Foreign Ministers' Meeting** was held in **New Delhi on 26 May 2026**, bringing together **India, the United States, Japan, and Australia** to strengthen cooperation in the Indo-Pacific region. The meeting was attended by External Affairs Minister S. Jaishankar, US Secretary of State Marco Rubio, Australian Foreign Minister Penny Wong, and Japanese Foreign Minister Toshimitsu Motegi.

The **Quad countries announced several major initiatives**, including the **Indo-Pacific Maritime Surveillance Collaboration (IPMSC)** to monitor illegal fishing, piracy, and trafficking through advanced satellite tracking of "grey" and "dark" vessels. They also launched the Quad Ports of the Future Partnership for infrastructure development in Pacific Island nations, beginning with Fiji.

A new **Critical Minerals Framework** was introduced to **strengthen rare earth supply chains, along with an India-US agreement** on mining and processing cooperation. The partners also unveiled an Energy Security Initiative to improve regional resilience amid West Asia tensions. Additionally, the Quad strongly

condemned recent terrorist attacks in India and Australia and announced a counter-terrorism exercise in Australia in June 2026.

Marco Rubio Begins Four-Day India Visit Ahead of QUAD Meeting 2026
23/05/2026

US Secretary of State Marco Rubio began his first official four-day visit to India on 23 May 2026, covering Kolkata, Agra, Jaipur, and New Delhi. The visit focuses on strengthening India–US strategic relations through discussions on trade, energy security, defense cooperation, and Indo-Pacific stability. **Rubio is scheduled to meet Prime Minister Narendra Modi** and External Affairs Minister S. Jaishankar, and participate in the **Quad Foreign Ministers' Meeting in New Delhi on 26 May 2026.**

The visit comes at a crucial time amid global energy concerns and growing regional tensions in the Indo-Pacific. The United States is seeking stronger energy partnerships with India and discussing trade issues, including tariff exemptions and Section 301 investigations. Defense cooperation and maritime security under the QUAD framework are also major agenda items, especially in response to China's increasing influence in the region.

Apart from diplomatic meetings, Rubio's visit includes symbolic cultural engagements such as visiting the Missionaries of Charity headquarters in Kolkata. The tour highlights both strategic and civilizational ties between India and the United States. The visit is considered highly important for competitive exams due to its relevance to international relations, QUAD cooperation, trade policy, and Indo-Pacific geopolitics.

WHO Declares Ebola Outbreak in Central Africa a Global Health Emergency

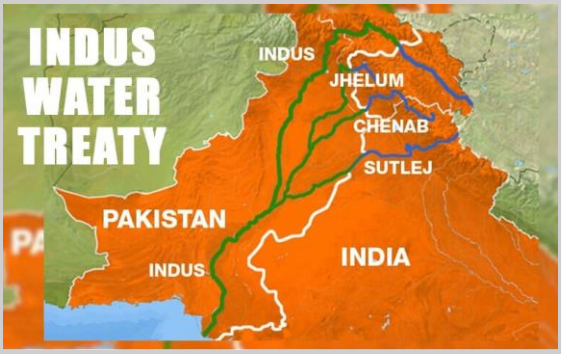

20/05/2026

The **World Health Organization (WHO)** declared the **Ebola outbreak** in Central Africa a Public Health Emergency of International Concern (PHEIC) on 17 May 2026 following a rapid rise in cases and cross-border spread between the Democratic Republic of the Congo (DRC) and Uganda.

The outbreak is caused by the rare Bundibugyo strain of Ebola, for which no licensed vaccine or specific treatment is currently available. As of 16 May 2026, authorities reported 8 confirmed cases, 246 suspected cases, and 80 suspected deaths in eastern DRC's Ituri Province. Several healthcare workers were also infected.

The virus spread internationally after two Ebola cases were detected in Kampala, Uganda, linked to travel from the DRC. Ongoing violence and displacement in eastern DRC have further increased the risk of transmission.

WHO advised countries to strengthen border screening, contact tracing, and laboratory preparedness, while recommending against international travel or trade restrictions.

Indus Waters Treaty 2026: India Rejects Hague Court Ruling as "Null and Void"

19/05/2026

On 15 May 2026, the Court of Arbitration (CoA) at The Hague issued a ruling on "maximum pondage" in India's Indus river hydroelectric projects. India categorically rejected the award on 16 May 2026, calling it "null and void" and reaffirming that the Indus Waters Treaty (IWT) remains in abeyance since April 2025.

Treaty Signed: 19 September 1960, mediated by the World Bank between India (PM Jawaharlal Nehru) and Pakistan (President Ayub Khan).

Allocation:

India: Ravi, Beas, Sutlej (Eastern rivers).

Pakistan: Indus, Jhelum, Chenab (Western rivers).

Projects in Dispute: Kishanganga (J&K) and Ratle (Chenab basin).

CoA Ruling Date: 15 May 2026 (supplemental award on pondage).

India's Response: 16 May 2026 – MEA Spokesperson Randhir Jaiswal declared the ruling "null and void."

Treaty Status: India placed IWT in **abeyance in April 2025** after the **Pahalgam terror attack** that killed 26 civilians.

BEL to Supply High Power Microwave Systems to Indian Navy for Neutralizing Drone Threats
22/05/2026

The Indian Navy has awarded a major contract under the ADITI 3.0 framework to Bengaluru-based defence technology firm *Tonbo Imaging* for the integration and commissioning of High Power Microwave (HPM) systems on naval platforms. These directed-energy weapons will help India counter drone swarms and disable adversary electronics, marking a significant step in indigenous defence modernization.

What is ADITI 3.0?

ADITI (Advanced Defence Technology Incubation) is a Government of India initiative under the Ministry of Defence.

It supports **iDEX (Innovations for Defence Excellence)** and the **Defence Innovation Organisation (DIO)** to incubate and validate advanced defence technologies before induction.

About High Power Microwave (HPM) Systems

Directed-energy weapons that use concentrated electromagnetic pulses instead of ammunition.

Can **disable or degrade enemy electronics, sensors, and unmanned systems** without kinetic damage.

Considered one of the most effective counters to **drone swarms and asymmetric threats** in maritime warfare.

Role of Tonbo Imaging

Selected for its **indigenous expertise in vacuum tube technologies**, critical for generating high peak power in HPM systems.

Will handle **system integration, commissioning, and production supply** after validation.

Already has a portfolio of advanced defence electronics, electro-optics, and missile seeker technologies

India Declared Completely Free from Naxalism
20/05/2026

Union Home Minister Amit Shah announced on 19 May 2026 that India has become **completely free from Naxalism (Left-Wing Extremism)**, achieving the government's March 31, 2026 target. The declaration was made in Bastar, Chhattisgarh, marking the end of a 55-year Maoist insurgency that began in 1971.

The success was credited to joint anti-Naxal operations such as Operation Black Forest and Operation Prahar conducted by CAPF, CRPF CoBRA commandos, and local security forces.

To promote development in tribal areas, 70 former security camps in Bastar will be converted into "Sewa Deras" for delivery of government welfare schemes, banking, healthcare, and education services. The government has also launched a ₹20 crore rehabilitation plan for surrendered Naxal cadres through education and skill development.

CBSE Makes Three-Language Study Mandatory for Classes 9–10 From July 1
17/05/2026

The Central Board of Secondary Education (CBSE) has announced that from **July 1, 2026**, students of Classes 9 and 10 will be required to study **three languages**. Under the revised policy, at least **two of these must be Indian languages**, while the third may be a foreign language.

The third language (R3) will be **assessed internally by schools** and will not form part of the Class 10 Board examination. CBSE has directed schools to use **Class 6-level textbooks** for R3 temporarily, supplemented with regional literary material, until dedicated secondary-level books are introduced.

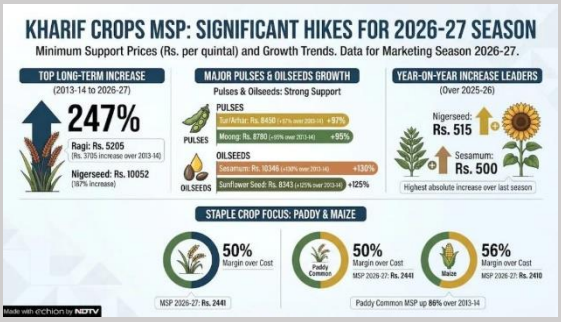

This move aligns with the **National Education Policy (NEP) 2020** and aims to strengthen multilingual learning while reducing exam pressure. Schools have been advised to adopt flexible measures, including resource sharing and virtual teaching, to address possible teacher shortages.

Possible Combination for a Hindi Speaking States Student:

R1: Hindi (Indian language, compulsory)

R2: English (global language, compulsory in CBSE schools)

R3: Sanskrit or Urdu (Indian language, chosen by student/school)

D.K. Shivakumar to Become Karnataka's 25th Chief Minister
30/05/2026

Karnataka is set for a major leadership change as **Chief Minister Siddaramaiah resigned on 28 May 2026**, paving the way for **Deputy Chief Minister D.K. Shivakumar** to become the state's next Chief Minister. Shivakumar will take oath on **3 June 2026 in Bengaluru**, becoming Karnataka's **25th Chief Minister**.

The transition follows consultations within the Congress leadership, including Mallikarjun Kharge and Rahul Gandhi, aimed at maintaining party unity and resolving the long-standing Siddaramaiah–Shivakumar power-sharing issue.

Governor **Thaawarchand Gehlot** accepted Siddaramaiah's resignation and dissolved the Council of Ministers. While Siddaramaiah is

expected to remain influential in national politics, Shivakumar faces the challenge of managing state finances, balancing social and political interests, and implementing Congress's welfare commitments ahead of future elections.

National Sports Board and Tribunal Rules 2026 Notified by Government
26/05/2026

The Union Government has notified the **National Sports Governance (National Sports Board) Rules, 2026** and the **National Sports Governance (National Sports Tribunal) Rules, 2026** under the National Sports Governance Act, 2025. The notification was issued on **25 May 2026** to strengthen transparency, accountability, and dispute resolution in Indian sports administration.

Under the new rules, the **National Sports Board** will act as the central authority for granting recognition to National Sports Bodies and ensuring compliance with governance, financial, and ethical standards. The Board will consist of a Chairperson and two Members appointed by the Central Government based on recommendations of a Search-cum-Selection Committee.

The **National Sports Tribunal** has been established as a dedicated body for resolving sports-related disputes quickly, independently, and cost-effectively. The rules also provide digital facilities such as online filing of disputes, virtual hearings, publication of orders, and electronic record maintenance through a dedicated portal.

The Tribunal aims to reduce dependence on civil courts and provide a single-window mechanism for faster and simpler resolution of sports governance disputes in India.

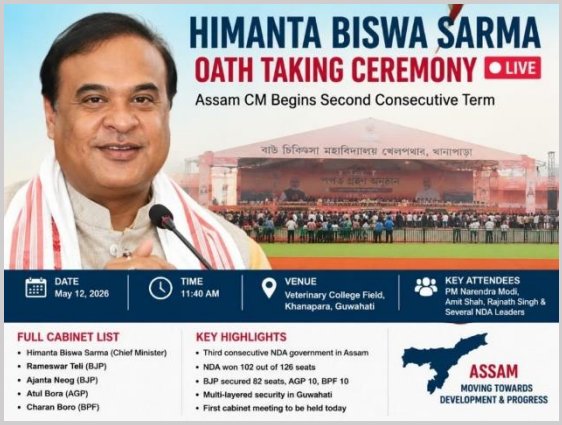

VD Satheesan Becomes Kerala's 13th Chief Minister
15/05/2026

Union Cabinet Approves Increase in Supreme Court Judges from 33 to 37

06/05/2026

The **Union Cabinet**, chaired by **Prime Minister Narendra Modi**, has approved a proposal to increase the sanctioned strength of judges in the **Supreme Court of India** from **33 to 37**, excluding the **Chief Justice of India (CJI)**. For this, the government will introduce the **Supreme Court (Number of Judges) Amendment Bill, 2026** in Parliament to amend the **Supreme Court (Number of Judges) Act, 1956**.

The move aims to improve the efficiency of the **Supreme Court**, reduce the growing **pendency of cases**, and ensure **speedy justice**. Expenses related to salaries, staff, and infrastructure for the additional judges will be funded through the **Consolidated Fund of India**.

Under **Article 124 of the Constitution of India**, Parliament has the authority to determine the number of Supreme Court judges. Since Independence, the strength of the apex court has gradually increased from **8 judges** to **33 judges in 2019**, and the latest proposal seeks to raise it further to **37 judges**.

Election Results 2026: BJP's Bengal Breakthrough, Congress in Kerala, Vijay's TVK in Tamil Nadu
05/05/2026

The 2026 State Assembly Election results mark a historic political shift across India: BJP has formed its first-ever government in West Bengal, retained Assam with a strong majority, Congress-led UDF reclaimed Kerala, actor Vijay's Tamilaga Vettri Kazhagam (TVK) stormed Tamil Nadu, and AINRC-led NDA held Puducherry. These results reshape regional politics and set the stage for the 2029 Lok Sabha elections.

West Bengal: Historic saffron surge; BJP forms government for the first time. TMC reduced to ~80 seats.

Assam: BJP consolidates dominance, winning over 80 seats alone; allies add strength.

Tamil Nadu: TVK's debut victory reshapes state politics, ending 58 years of DMK-AIADMK dominance.

Kerala: Congress proves resilience, sweeping back to power; Left Front suffers major setback.

Puducherry: NDA alliance continues governance, ensuring stability in the UT.

India Successfully Tests Advanced Agni Missile with MIRV Technology
10/05/2026

India successfully tested an **Advanced Agni missile** equipped with **Multiple Independently Targeted Re-Entry Vehicle (MIRV)** technology on **8 May 2026** from **Dr APJ Abdul Kalam Island, Odisha**. The missile carried **multiple payloads** aimed at different targets across the **Indian Ocean Region**. Tracking systems on ground stations and ships monitored the entire flight, and **all mission objectives were successfully achieved**.

The test demonstrated India's capability to strike **multiple strategic targets using a single missile**. Developed by **DRDO** with support from Indian industries, the missile strengthens India's **defence preparedness** and **strategic deterrence capability**. **Defence Minister Rajnath Singh** congratulated DRDO, the Indian Army, and the defence industry for the successful trial.

MIRV (Multiple Independently Targeted Re-Entry Vehicle) technology allows **one missile to carry several warheads** that can hit **different targets independently**. **Agni-5**, with a range of **5,000+ km**, is now **MIRV-capable**.

Mission Drishti: GalaxEye Launches World's First OptoSAR Satellite
05/05/2026

Indian space start-up GalaxEye has successfully launched *Mission Drishti* on 3 May 2026, placing the world's first OptoSAR satellite into orbit aboard a SpaceX Falcon 9 rocket. This 190 kg satellite is India's largest privately built Earth observation spacecraft, combining optical and radar sensors to deliver all-weather, day-and-night imagery.

Mission Drishti: Key Facts

Launched on: 3 May 2026, 12:30 PM IST

Launch Vehicle: SpaceX Falcon 9, from Vandenberg Space Force Base, California

Developer: Bengaluru-based start-up **GalaxEye Space Solutions**, founded by IIT Madras alumni in 2021

Satellite Mass: ~190 kg (India's largest privately built EO satellite)

Orbit: Sun-synchronous LEO at ~500 km altitude

Technology: Proprietary **OptoSAR (Optical + Synthetic Aperture Radar)** fusion

Resolution: 1.2–3.6 metres (combined SAR + optical)

Processing: Onboard AI with NVIDIA Jetson Orin chip for real-time analysis

Special Feature: Deployable 3.5 m radar antenna + electric propulsion system

---

What is OptoSAR Technology?

Optical Imaging: Provides clear, photo-like images but fails in cloudy or dark conditions.

SAR Imaging: Works day/night and through clouds, but produces coarse, harder-to-interpret data.

OptoSAR Fusion: Drishti combines both sensors on a single platform, capturing data simultaneously and fusing it in real time.

Advantage: Delivers **three times more information** than traditional satellites, ensuring sharper, analysis-ready datasets.
