🏅 Sports & Their Terminologies

Each sport, segregated, with the players-per-side, governing body, venue, and the *terminology used in that sport* — the exact words SSC asks ("Which sport uses the term *Bunker*?").

How to use: learn terms *per sport*; the trap questions mix a term from one sport into another. See also Trophies & Cups by sport.

Exam tip: the classic trap is a term shared across sports — *Smash* (tennis/badminton/volleyball/TT), *Hat-trick* (cricket/football/hockey), *Bunker* (golf/polo), *Deuce*

(tennis/badminton/volleyball/TT). When asked "which sport uses X", pick the sport where the term is *most specific* (e.g. Googly → only Cricket; Chukker → only Polo; En passant → only Chess).
